

# **Kniveton Parish Council Grant Award Policy**

## **Section 137 Regulations**

Section 137 refers to the 1972 Local Government Act. It is a statutory power available to all Parish Councils. If no other power exists then section 137 may be used on anything of benefit to the parish or its community. Section 137 should not be used if another power already exists. It cannot be used to get around restrictions in other powers. Councils should first try to identify a specific power for expenditure (including grants): section 137, unlike the general power of competence, is a 'power of last resort'.

There is a limit on the amount a Parish Council can spend which is set by the Department for Communities and Local Government (DCLG) for the purposes of section 137(4) (a) of the Local Government Act 1972 ("the 1972 Act"). The limit for 2019-2020 is £8.12.per elector

The Parish Council must keep a separate record of expenditure incurred under section 137. Spending under section 137 must be minuted as such and recorded in the accounts in a separate column to ensure the level of expenditure has not been breached. However, section 137 expenditure is not disclosed separately in the Annual Return.

- Ensure that there is equality of access and opportunity for all Kniveton Parish residents to the services and funds it provides

The Council values the diversity and strengths of the local voluntary sector and acknowledges its independent role in the community as:

- A source of valuable services
- A means of enabling people to work together
- A channel for campaigning and advocacy

The Council defines a voluntary group as a 'not-for-profit' organisation, set up and run by a management committee.

This document gives the Council's general funding principles and details its expectations of all groups in receipt of grant aid.

**Groups applying for grant aid should note:**

- Grants are made only to groups meeting the needs of Kniveton Parish residents.
- Grants are made to meet deficits on future running costs, to encourage new groups or new projects, or to help with the costs of some one-off expenditures
- Grants will only be made to groups which **need** financial help. Accumulated reserves will be considered when grant levels are decided.
- Grants are normally made for one year's expenditure at a time and should be spent within the year for the purpose for which they were given. They should not be added, wholly or partly, to reserves unless part of a previously approved programme of funding for a project.
- Grants cannot be made to cover money already spent.
- Grants will not be made to groups, which operate for private gain or relate to any political party; grants may be made to religious organisations for social or welfare purposes, but not to cover the costs of worship or conversion.
- Grants will be required to return grant-aid if they close, or if a project or services funded by the Council, is not satisfactorily provided.

**Voluntary groups grant-aided by the Council are required to:**

- Ensure efficient levels of administration, hold regular meetings, keep minutes and circulate information to group members.
- Keep proper accounts. Grants may only be made to groups, which have submitted satisfactory accounts, unless the group is recently formed.
